INTERNATIONAL TRANSLATION

A classification of Public Laws-101 Published in the Legal Notice Section of the Continental Free Press News as an International Public Notice can be found here: [LINK](#)

WHEREAS, the duty to honor God by the establishment of a public religion is a legal obligation of all Nations, and is necessarily under the political authority established by the written and published social compact agreement by and between the people for The United States of America [LINK](#), the Respondents have committed capital crimes against families that comprise the body politic of The United States of America by violating the National religion codified in International Law in accordance with the *Law of Nations Book 1 Chapter 12 Of Piety and Religion §129. Public establishment of religion*, and *Law of Nations Book 1 Chapter 12 Of Piety and Religion §131. When there is an established religion*, and

WHEREAS, the authority to establish a public religion established by the political authority from the covenant community as first among equals within the state of nature is codified in International law through the Law of Nations as cited below, and

Excerpt from the Law of Nations Book 1 Chapter 12 Of Piety and Religion §129. Public establishment of religion

“The establishment of religion by law, and its public exercise, are matters of state, and are necessarily under the jurisdiction of the political authority. If all men are bound to serve God, the entire nation, in her national capacity, is doubtless obliged to serve and honour him (Prelim. §5). And as this important duty is to be discharged by the nation in whatever manner she judges best,—to the nation it belongs to determine what religion she will follow, and what public worship she thinks proper to establish.” [LINK](#)

WHEREAS, the authority to protect and support the religion established by the political authority from the covenant community as first among equals within the state of nature is codified in International Law through the Law of Nations as cited below, and

Excerpt from the Law of Nations Book 1 Chapter 12 Of Piety and Religion §131. When there is an established religion.

“When the choice of a religion is already made, and there is one established by law, the nation ought to protect and support that religion, and preserve it as an establishment of the greatest importance,— without, however, blindly rejecting the changes that may be proposed to render it more pure and useful: for we ought, in all things, to aim at perfection (§21). But as all innovations, in this case, are full of danger, and can seldom be produced without disturbances, they ought not to be attempted upon slight grounds, without necessity, or very important reasons. It solely belongs to the society, the state, the entire nation, to determine the necessity or propriety of those changes; and no private individual has a right to attempt them by his own authority, nor consequently to preach to the people a new doctrine. Let him offer his sentiments to the conductors of the nation, and submit to the orders he receives from them.”

NOW, THEREFORE, the Tribunal hereby renders the following judgement pursuant to all the facts presented by the Claimant upon the Respondents and finds the Respondents guilty in all matters presented, and

The Tribunal finds the evidence proves the Respondents are engaged in ideological subversion of the inhabitants within the country and have hijacked the term 'Gay' to disguise their Satanic religion in order to destroy the family structure by conducting malicious marketing campaigns fomenting an agenda that violates basic human rights through forced association, while claiming religious rights to worship Satan. The Respondents of the US Congress have been complicit in offering special protections to the Baal Peor religious community [LINK](#) over the rights of others which is akin to the establishment of a religion, and is a violation of the public religion established by the people for The United States of America.
